

REMARKS/ARGUMENTS

The specification has been amended to provide a SEQ ID NO for a sequence depicted in Fig. 3 (C).

Applicants submit herewith a substitute Sequence Listing and a corresponding computer-readable substitute Sequence Listing. The sequence information recorded in the corresponding computer-readable Sequence Listing is identical to the paper copy of the Sequence Listing. Support for all of the sequences listed in the substitute Sequence Listing is found in the present application as originally filed. No new matter is believed to have been introduced by the submission of the substitute Sequence Listing and the corresponding computer-readable substitute Sequence Listing.

Applicants submit that the present application is ready for examination on the merits. Early notice to this effect is earnestly solicited.

Respectfully submitted,
